## Bling Sponsor Brings Diamonds & Pearls to Dinner!

With a theme like "Diamonds & Pearls: A Gatsby Gala," attendees will naturally expect some sparkling and shining items up for auction—and now they will have exactly that, thanks to Bling Sponsor, Rick Terry Jewelry Designs! A generous and regular auction participant, Terry is excited to show off his custom creation made just for this event: a brilliant 14k white gold cocktail ring encrusted with 80 Round brilliant diamonds and featuring an extra large South Sea Pearl. The stunning piece is valued at \$7,000 and will go home with one lucky bidder. Due to the excitement surrounding the piece, the Chamber may open bidding to call-in bids if needed.

A fun decadent night awaits attendees on Friday, April 12 at 6 p.m. at Rothchild Catering & Conference Center with over one hundred silent and live items for sale. With

only one month left to go, item donations are still being accepted. Anyone wishing to donate an item valued at \$50 or more should call the Chamber at (865) 675-7057 or email roberts@farragutchamber.com.

Spaces for Tabletops are going quickly; businesses who wish to build a tabletop and receive added recognition should call the office as soon as possible. Tabletops are both a decorative "build" on a 30 inch table as well as a whole package item that is sold during the live auction. Current builders this year include EatonTax and Business, FASTSIGNS, JCPenney and the Tennessee Smokies Baseball.

Tickets are another way to support the event which typically sees approximately 250 guests and are available online at farragutchamber.com under the "Events" menu at \$60 for members, \$70 for non-members or \$550 for a table of 10 seats. Tickets can also be reserved by calling 865-675-7057.

## Orientation Attendees Top 100

Over 100 business representatives got a chance to meet, exchange information and hear from multiple resources at the Chamber's Spring New Member Orientation on Tuesday, March 12 at Farragut Town Hall. The Chamber currently hosts two orientations annually to offer new members or new staff an overview of their benefits and to answer questions for businesses that are curious about chamber membership.

The orientation is a fast-paced information-packed forum that combines networking with a one hour program featuring chamber staff, Ambassadors, Board members and resource partners like the "Shop Farragut" campaign (Farragut Business Alliance), farragutpress and the Small Business Development Center of TN. ## Active Shooter Scenarios Forum Encourages Awareness

Approximately 150 registered attendees asked questions and got valuable information and advice at the Chamber's first 2019 Breakfast Speaker Series: "Active Shooter Scenarios Forum" on Tuesday, Feb. 26 at Fox Den Country Club. WVLT News Anchor Amanda Hara kicked off the program by relaying a story from her college days where she and friends were involved in a shooting incident; Hara's sobering recall of an injured friend set the tone for the importance of the topic of Active Shooter Scenarios. The event's timeliness was underscored in the weeks leading up to the forum when a business in Aurora, Illinois became the site of an Active Shooter incident.

Hara led the four person forum consisting of speakers Rick Hill (A&A Investigations and Consulting / retired FBI Counterterrorism/Intelligence), Knox Co. Sheriff Tom Spangler, Scott Brockamp (local business owner and security expert, HisSecurity), and Sam Roche (owner of Smoky Mountain Emergency Solutions). Hill, Spangler, Brockamp and Roche answered specifically directed questions from Hara but also provided attendees with a cohesive response to how to prevent and prepare for a possible Active Shooter incident in their workplace

L to R: Rick Hill, Sheriff Tom Spangler, Scott Brockamp and Sam Roche

or elsewhere.

The overall message was one of awareness. With a background in FBI Counterterrorism and a business providing business consulting on potential incidents, Hill told the audience, "The big thing is are you ready? Do you have a plan in place? Do you have access points and choke points? Can you monitor them?" This married well with Brockamp's approach to start simply: "Streamline your entry. Keep 9 out of 10 doors locked and put

monitoring on your main one. It's about cutting down the access so there really is a cost effective way to secure your business." He added that plans can be under \$5,000, and that the addition of security should aid with insurance savings.

Attendees seemed surprised to learn that the Knox County Sheriff's office can and will provide training if requested. "Our office

doesn't have a class, but we will send someone to your business to train and advise," Spangler explained. "The biggest thing is knowing it CAN happen. Be mindful of what you're going to do when it does," he added, echoing the theme of the forum.

Roche's experiences as a past police officer and military trainer showed in his tactical approach to incidents by offering his thoughts on what to do when "the worst has happened." "Your knowledge is your weapon. Your body's adrenaline response minimizes your hearing and the shooter's; there's no way to de-escalate or talk them down. The best thing to do is crawl on the floor and get out," he said. Roche emphasized the importance of businesses having first aid skills among staff to minimize injuries until medical personnel can arrive, acknowledging "It can be a bit delicate for business owners to bring up because the normal mindset is to wonder what we'll do if something happens. We want to change it to 'If something happens, THIS is what we WILL do.' We call that Medical Empowerment."

One question from the audience was the unpleasant issue of terminating staff and how to minimize potential repercussions. Forum speakers all agreed that knowledge, a plan, and communication is key. Spangler offered that a police cruiser can be present in the parking lot in case of confrontation, adding that if businesses have locks or alarms in place, they need to use them. Key personnel need to know who is and is not allowed on site and access must be disabled immediately. "On average, a shooter will spend four minutes shaking doors to get in before moving on," said Brockamp, suggesting that tragedy can be avoided if the right security is in place.

The event was made possible by Presenting Sponsor Town of Farragut; Community Sponsors Cyan Insurance Solutions and HisSecurity; and Media Sponsors farragutpress and WFIV. The next Breakfast Speaker Series is slated for April 30 to feature newly elected Knox County Mayor Glenn Jacobs and his vision for the county prior to his first budget presentation. Registration and sponsorship information can be found at [farragutchamber.com](http://farragutchamber.com) > Events > Breakfast Speaker Series.

enjoy lunch courtesy of a member catering sponsor, information from event sponsors, takeaway bags with coupons/offers from chamber members and door prizes awarded throughout the program.

New this year, the Chamber welcomed the addition of Karen Tindal, tourism coordinator for the recently launched "Visit Farragut" initiative. Tindal encouraged businesses to send her details on their events or specials. Tips for how to maximize chamber membership and testimonials were given from three members representing single-owner, small and large scale business: Eric Whitener (The Knox Fox), Christine Dean (HisSecurity), and Angela Harvey (First Tennessee). Whitener, Dean and Harvey all echoed the positive benefits of being engaged with the Chamber and being intentional about membership as a business tool. This underscored President/CEO Julie Blaylock's opening comments asking members to "treat membership like you would any other business strategy. Ask yourself what you want and expect to get out of it, and be sure you communicate it to the Chamber so we can deliver."

Chef Steve Smith of NHC Place - Farragut provided a well received buffet lunch of BBQ sliders, fresh fruits and other treats before the program. Sponsors AT&T and Y-12 Federal Credit Union were on hand to answer questions, offer information and meet members. Industry exclusive sponsorship are available for each orientation for only \$300, providing advertising and a presence at the event itself. The Fall 2019 orientation is tentatively scheduled for September. Call (865) 675-7057 with questions or email [Julie@farragutchamber.com](mailto:Julie@farragutchamber.com) for details on sponsorship.

As the Chamber's largest annual fundraising effort now in its 32nd year, the auction helps the Chamber continue to provide business members with programs and services such as the Continuing Education Scholarships awarded to member businesses in amounts up to \$500.

A charitable donation is also taken from a portion of ticket sales. The Chamber is proud to announce the 2019 recipient, the Emerald Youth Foundation. With a mission to "raise up a large number of urban youth to love Jesus Christ and become effective leaders who help renew their communities," Emerald Youth Foundation provides underserved and at-risk Knox County youth with opportunities to participate in sports leagues, career development and

tutoring. The Chamber hopes to outfit three new middle school baseball teams with all the equipment they need from the night's donation.

# Who's Who Q&A

by Paige Gleason, Chamber Intern

Paige Gleason, left, and Denise Horne

**Member Business:** Clean Juice  
**Name/Title:** Denise Horne, Franchise Owner

**How you've benefited from being a Chamber member:** I've never felt so supported in my life. Everyone is positive, supportive, they turn out, and they show up. You all have southern hospitality that I love, and you guys are just very loyal.

**How you got involved with Clean Juice:** I was living in Florida and one opened in Tampa. I fell in love with the concept of clean, organic food, and when I found out I was moving here I told my husband, "I can't live without this; I'm taking it with me!"

**Hardest part of opening/operating the business:** Building out my space was tough, but since the business opened, the hardest part is getting my name out there because I'm a new company in new territory. I have to do extra marketing and tons of events in the community.

**Best part of the business:** I love to serve people and I meet a lot of individuals wanting to change their life or diet. I've worked with a lot of cancer patients that are going through therapy and treatment. Their stories are very inspiring.

**Atmosphere you'd like to create within your business:** We want customers to know this is a healthy and safe place for them; I also want my staff to have fun. We want customers to know that this is a fun, lively place.

**What sets Clean Juice apart as a business:** We are definitely a health and wellness product. We don't add sugar, sweeteners, or anything artificial to our product, and we're very sustainable because we're organic. Our goal is to get people healthy, so everything here is good for you.

**Biggest accomplishment since opening:** I think just getting this off the ground. It was a lot of behind the scenes hard work, but once we opened our doors, it was just a dream come true.

**Favorite menu item?** My favorite smoothie is The Longevity One. My favorite juice would probably be The Glow One. I like green with a little sweet in it.

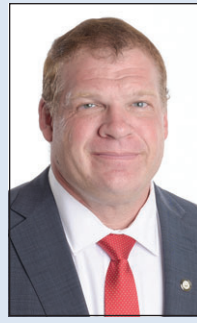

**Biggest lesson you've learned:** With a new business you really just have to be patient. Every day is different in this industry, so I have to learn to truly take it day by day.

**Hopes for the future of Clean Juice?** I want it to be people's go-to destination for healthy products, and I want the brand to grow.
